Hello John,

I'm working with Tom Williams and others in Region 5 to process your FOIA request EPA-R5-2018-004776 which seeks records related to contamination in Kent County, MI. I'd like to walk through the request, seek clarification on some parts, and make sure we understand what records you are seeking. Do you have availability for a brief call tomorrow any time from 11:00-1:00, or any time on Monday? Thank you,

Peter
